

HEALTH & SAFETY REOPENING PLAN

This document is a summary of the key program components as of 07/20/20. The plan is a living document that will be adjusted as needed based on guidance, or mandates from federal, state and local government agencies.

MASKS

All our employees, if medically able, will be wearing masks when inside the building or working closely around other staff or guests. Guests are required to wear masks when inside the building or around other guests as Gov. Whitmer's executive order states.

DAILY STAFF HEALTH CHECKS

All staff will be required to document their health status prior to work and if they have been exposed to anyone diagnosed with COVID. All staff will be informed not to show up to work if they are sick or have any signs or symptoms of Covid, flu, seasonal cold or any abnormalities in which could cause risk to other staff or guests.

CONTROL DAILY PARK CAPACITY

We will be monitoring and controlling guest capacity as set by Governor Whitmer's Executive Orders.

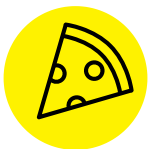

SEPARATE GUESTS ON RIDES & ATTRACTIONS

We have developed custom plans for each of our attractions to minimize contact between parties. Strategies will include open rows and empty seats between guests.

SEPARATE EMPLOYEES & GUESTS WITH PROTECTIVE EQUIPMENT

We have installed protective equipment at our sales counters to separate guests from employees. Employees are encouraged to report any concerns on areas that may require more PPE.

NEW FOOD SERVICE SYSTEMS

All food service offerings will be contact-less. Indoor seating will be minimal with a new expanded outdoor seating area.

ELIMINATE REUSABLE UTENSILS

Napkins and utensils will be stored and provided as required or upon request.

ONLINE TRAINING OF STAFF

Employees must complete online training prior to returning to work. Training will focus on recognizing signs and symptoms of Covid, best practices to prevent spreading covid and specifics to Craig's Cruisers operations to provide a safe environment to our staff and guests.

INTRODUCE CLEANING TEAMS TO DISINFECT COMMON AREAS

We are increasing our efforts to clean, sanitize and disinfect all high touch points, such as: chairs, tables, railings, door handles, etc. Extra cleaning process and new chemicals have been added to our opening and closing cleaning list as well as during operations.

PROVIDE HAND SANITIZER STATIONS THROUGHOUT THE FACILITY

We will have a large number of stations throughout the facility for both guest and staff use. These stations will promote hand sanitizing prior to ride entrance.

ATTRACTION SANITATION

We will reduce the number of participants on each attraction so we can maximize the effort to spread guests out. Every attraction participants will be asked to use hand sanitizer prior to and immediately after the riding/participating. We will have accessible stations placed at every attraction.
